

STARSYS™

Starsys WorkCenters

Starsys WorkCenters are designed to be a fully integrated, fully adaptable, modular system. WorkCenters can be stand alone products or can be configured section within a larger product configuration. WorkCenters combine valuable lower storage areas with finished modular countertops to offer a complete storage and work area solution. Starsys WorkCenters are made up of two key components: base units and countertops. Understanding how these two elements work together is the key to understanding the Starsys WorkCenters line. While sections of Starsys WorkCenters can be configured into many physical combinations, these sections are typically divided into two categories: "straight run" or "corner" configurations.

Working Heights: Starsys WorkCenters are available in the following working heights: 30" (762mm), 33" (838mm), 36" (914mm), 39" (990mm) and 42" (1067mm). Within each working height there is up to 2.5" (64mm) of additional height adjustment via the four adjustable leveling feet in each base unit.

Starsys Base Units

Base units are the products that provide valuable lower storage areas, as well as providing the necessary support for countertops. Base units are the most critical part of a configuration with countertops. Their total combined length and placement will determine the length of the associated countertops in the design. Their placement will determine the placement and size of necessary knee wells and provide support for valuable corner work areas. All Starsys base units are available in light taupe but have the flexibility to be accented with various door & drawer handle colors. Countertop color selection and cove base color selections may be used to accent the base unit color.

System Widths: Base Units are available in Single and Double widths.

System Heights: Base Units are designed to work with the following nominal countertop heights: 30" (762mm), 33" (838mm), 36" (914mm), 39" (990mm) & 42" (1067mm).

For overhead units and accessories, see pages 163-166.

Microban® antimicrobial protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas "cleaner between cleanings."

Starsys Carts are built to exact customer specifications, therefore, they are non-cancelable, non-returnable.

WorkCenter Countertop Colors

- Laminate and solid surface offerings provide a variety of color options that work flawlessly with all body and pull combinations.
- More choices allow customers to choose the best fit for their specific interior needs.
- Special colors and materials are available upon request.
